ASSOCIAZIONE DIAKONIA
BERGAMO
VOLUNTEERING PROJECT
OCTOBER 2020- JUNE 2021

WELCOME TO BERGAMO

Associazione Atelier Europeo (coordinating association) and Associazione Diakonia (hosting organisation) welcome you in Bergamo: «Bergamo is a real masterpiece of history, culture, music and landscape, with a medieval heart on top of a hill surrounded by the majestic Venetian Walls an UNESCO World Heritage Site.»

Bergamo is located just an hour's drive northeast of Milan in the Lombardy region,. Home to 120,000 people, this cozy yet cosmopolitan city is tucked into the scenic foothills of the Alps. But this doesn't mean it's inaccessible. In fact, in addition to adjacent bus and railway stations, Bergamo even has its own airport. Also known as Orio al Serio, Il Caravaggio International Airport is now one of the busiest stopovers in Italy.

The architectural and artistic treasures of Bergamo are widely touted. From an enchanting mix of medieval and Renaissance architecture in the heart of the old town, the Piazza Vecchia, to the small hilltop village of San Vigilio, astounding views can be found everywhere you look. The church of Santa Maria Maggiore, the Rocca, the Cittadella, and the Donizetti Theatre are just a mere handful of the abundance of breathtaking things to see in Bergamo.

The European Commission recently heralded the important role Lombardy has played in promoting scientific and technological progress through a commitment to research and innovation. This has made it one of Europe's premier manufacturing regions, as well as a leader in many other industries, including agri-food, aerospace, life science, living environments, smart communities, mobility, green chemistry, energy, environment, construction, and smart factories. If you're looking to live in a dynamic culture at the forefront of innovation, think Bergamo.

BERGAMO CARES

Bergamo volunteering is notoriously rich and active: 104.000 people operating in 4.768 organizations, including 4.300 associations on the territory.

During the pandemic, Bergamo province was harshly hit by the virus and the community stood together and organized solidarity services for everyone in need. From housing, to food bank, to psychological support to cultural web initiative all Bergamo did not give up.

The flag in the image aside represents the big hearth of Bergamo: a city that cares about each other.

Associazione Diakonia, with Caritas Bergamo was able to guarantee its services in favor of the poor and the weakest and most vulnerable people by remodeling them to the current emergency situation and operating with the appropriate aids and precautions.

Safety is the priority.

That's why you shouldn't be worried of coming to Bergamo for this project: you'll have the chance to really make a difference while being in a safe and protected environment.
