

BOLOGNA

14.-22.06.2026

2025-3-IT03-KA152-YOU-000387127

GREEN EUROPE

TOWARDS A MORE SUSTAINABLE AND INCLUSIVE EUROPE

BOLOGNA, ITALY

YOUTH EXCHANGE: 14-22 JUNE 2026

APV: 4-6 MAY 2026 only for group leaders

Scambieuropei ETS

Co-funded by
the European Union

THE CONTEXT

The project was born out of the urgency to respond to two concrete needs.

- **Increasingly impact of the climate crisis** on the daily lives of European citizens
- **Difficulty** that many young people have **in perceiving** the ecological transitions as an opportunity

Project intends to **use the tools of youth work** to offer participants a transformative experience, combining personal growth, critical awareness, useful skills and social engagement.

Create an **international and intercultural space** where young people can share fears, difficulties, hopes linked to climate change and environmental policies.

Young people will be encouraged to discover that **sustainability is an opportunity** for inclusion, cooperation, active citizenship

Project should accompany participants on path that starts from own experiences, stimulated personal, collective reflection, leads to concrete and shared solutions

The youth exchange will consist in **a week** where you will:

- participate in workshops, role plays, debated, artistic activities and reflection moments
- be part of cooperative games to understand the impact of daily actions on climate and society
- visit local organizations promoting sustainable practices
- talking circles and reflecting walks to stimulate introspection and dialogue

WHAT TO EXPECT

IMPORTANT YOUR CONTRIBUTION

Participants will be expected to **actively engage** with others, share ideas, and contribute to group discussions and activities throughout the programme.

Intercultural nights:
each country will have time in the evenings to present their culture with typical food, music, dances and games! Come prepared

While we aim to create a **friendly** and **relaxed** learning environment, the course requires **commitment** and **active participation** from everyone involved.

Participants will be expected to carry out **one workshop for each team throughout the week**

In addition, participants will be expected to carry out **follow-up activities** in their home countries after the training course and provide evidence of the work implemented.

The project involves a **total of 36** people: **28 participants** and **7 group leaders** (one per partner country) specialized in non-formal education and sustainability. **Group leaders need to take part in both the APV and the YOUTH EXCHANGE**

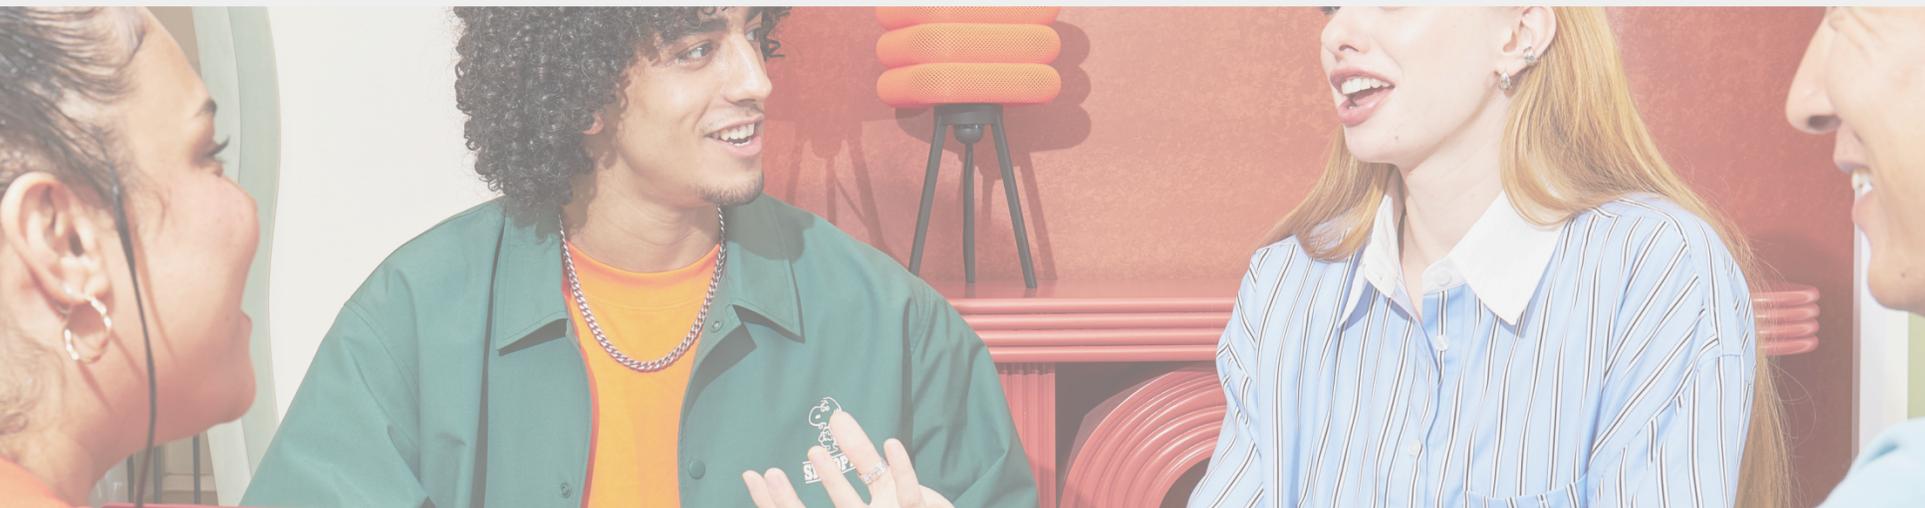

With participants from: France  Spain  Greece  Romania  Turkiye  Netherlands 
Italy 

Participants are aged **between 20 and 27**. Group leaders should be 20+

About **50%** of the group will consist of **young people with fewer opportunities**: NEETs, youth living in rural or peripheral areas, students with low levels of education or with limited international experience.

Selection is based on a selection form, ensuring **gender balance** and **diversity** of cultural and territorial heritage.

PARTICIPANTS

APV

ADVANCED PREPARATORY VISIT

ALL THE GROUP LEADERS HAVE TO TAKE PART IN THIS ACTIVITY!

Group leaders are experienced youth workers and practitioners of non-formal education, responsible for supporting their compatriots and collaborating with other leaders for the smooth running of activities.

From **04.-06.05.2026** the group leaders come to the same location in **Bologna** for a preparatory visit.

Arrival: May 4th

Activities: May 5th 9-18 and May 6th 9-14:00

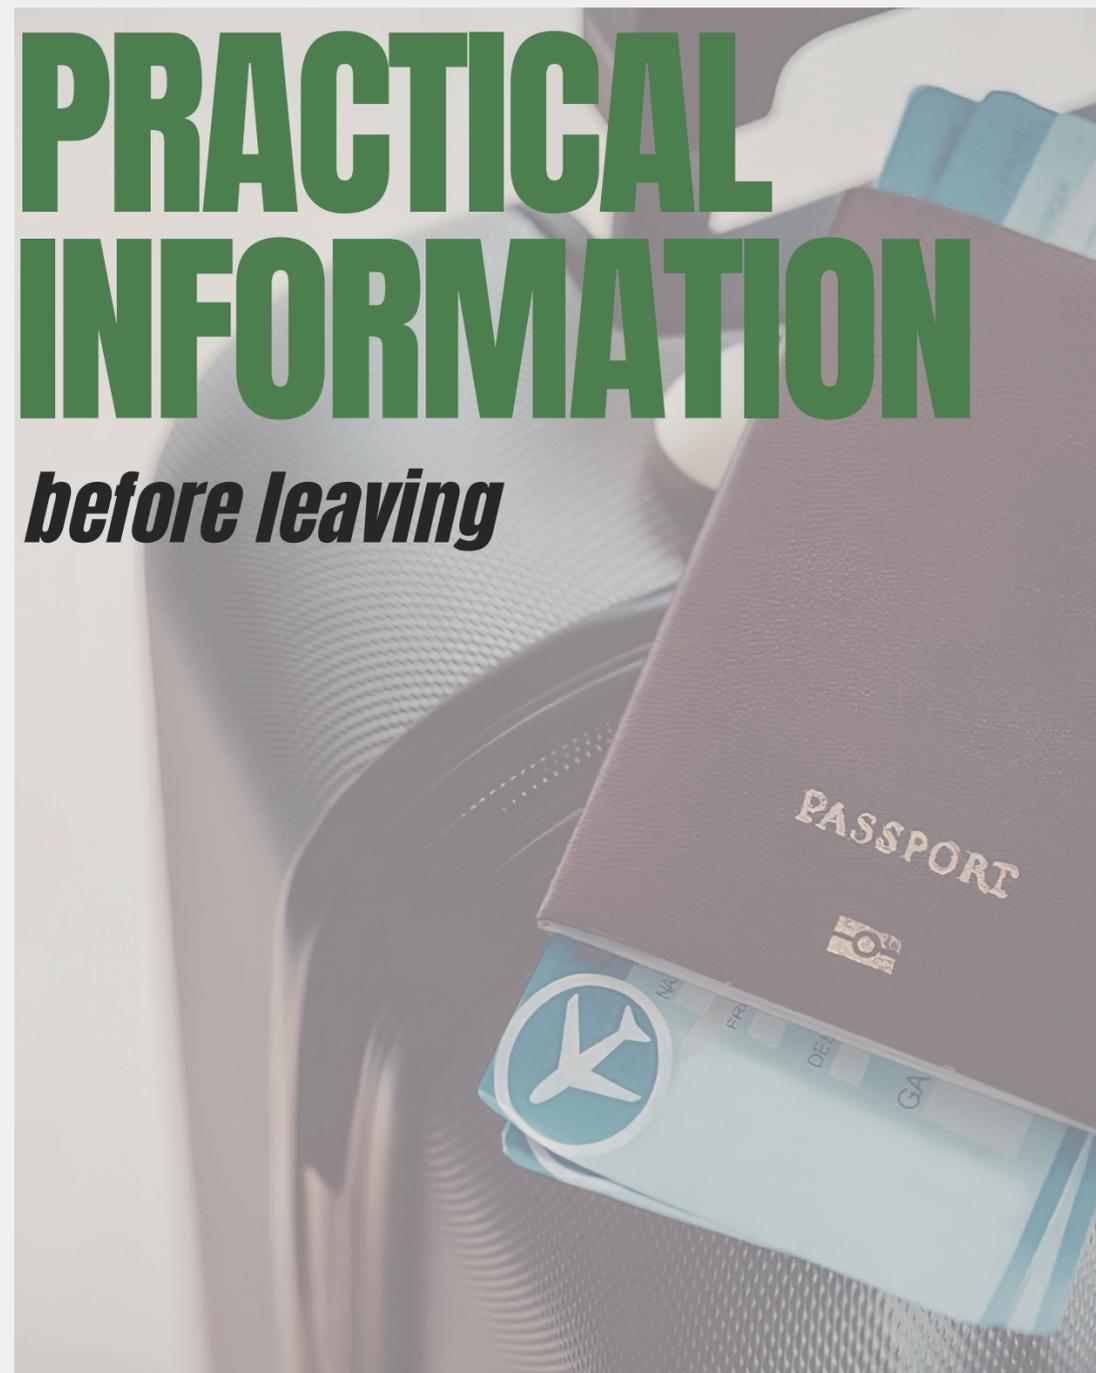

Departure: May 6th after 14:00

The accomodation is provided only for the 2 nights of the 4th and the 5th!

TRAVEL DAYS: 4TH AND 6TH MAY
LOCATION: BOLOGNA

*Green Travel (according to Erasmus+ standards):

refers to sustainable means of transport that have a lower environmental impact, such as train, bus, carpooling, or other shared and low-emission travel options.
It excludes air travel unless combined with a more sustainable mode for the majority of the journey.

Participants choosing Green Travel may be eligible for additional travel days and financial support to encourage eco-friendly mobility.

1. BY PLANE

If you want to travel by plane, you best come to the **Airport of Bologna**. Find your tickets on websites like [skyscanner.com](https://www.skyscanner.com)

2. BY TRAIN

If you plan to arrive to Bologna by train, you should check these two train companies:

- **Trenitalia**: national railway company <https://www.trenitalia.com/en.html>
- **Italo**: private railway operator <https://www.italotreno.it/en>

3. FROM THE AIRPORT TO THE CITY CENTRE

Shuttle service "**Marconi Express**" from the Airport to the Central Station // **12.80€ one way ticket**

If the shuttle is out of service you can find the substitute bus. Please find [HERE](#) more info about busses to the city center

4. FROM THE CITY CENTRE TO THE VENUE

Catch the **BUS 37** - get off at **Cirenaica**

Find out the itinerary [here](#):
